

The 2020-2022 plan for collecting 1 million signatures

for a Universal Declaration of Rights of Mother Earth to be adopted by the UN

Dear Rights of Mother Earth friends and partners,

This year is the 10th anniversary of the Universal Declaration of Rights of Mother Earth (UDRME), despite this current Global situation, this is something to celebrate.

Many of you have worked wonders to implement Rights of Nature at different levels and also contributed to the Global signature campaign asking the UN to adopt a UDRME. Thank you for that support!

Committed to achieving this goal, we have created a plan, to collect 1 million signatures by 2022 to present to the UN in the context of Stockholm +50. ¹ Currently (June 20) we have around 300,000 signatures, after restarting in 2018.

Would you like to co-operate with us in this effort? We propose several ways to participate and to share the petition:

In your newsletter:

As a permanent component in all newsletters that you send out using a short phrase such as this one here:

Please remember to sign and share the Global petition asking the UN to adopt a Universal Declaration of Rights of Mother Earth at: <https://www.thepetitionsite.com/826/567/703/> (link this to a widget)

On your website:

Please sign the Global petition asking the UN to adopt a Universal Declaration of Rights of Mother Earth at: <https://www.thepetitionsite.com/826/567/703/> (link this to a widget)

On facebook:

Please sign and share the Global petition asking the UN to adopt a Universal Declaration of Rights of Mother Earth at: <https://www.thepetitionsite.com/826/567/703/>

On twitter:

Please sign the petition for a Declaration of Rights of Mother Earth <https://www.thepetitionsite.com/826/567/703/>

PS: Please feel free to use your own words for any of the above if you wish.

Would you like to help us reach this goal? Do you have any other ideas and suggestions? We would be happy to schedule a call with you to discuss any other ideas.

Thank you
The Rights of Mother Earth team
